To drum stars such as Art Blakey, Elvin Jones and Art Taylor, perfection in performance and sound is vital. That's why these jazz drum greats — and so many others — insist on the distinctive tone and brilliance of K. ZILDJIAN cymbals as an integral part of their drum sets. For more than 300 years, K. ZILDJIAN has maintained world leadership in cymbal-making. There is no parallel, no substitute. Made exclusively in Turkey, according to the famous K. ZILDJIAN process, these are the genuine Turkish cymbals. Look for the big "K" stamped on every one. It's your CYMBAL OF PERFECTION.

For the new modern cymbal sound, used by jazz greats such as Art Blakey the 20" and 22" cymbals are available as Sizzle cymbals at no extra cost.

GRETSCH Snare Drum Sticks

Expect this from Gretsch sticks: uniformity of model, balance, and playing qualities. Such consistent high calibre of Gretsch sticks is the result of careful stock selection, perfect turning, and glassy-smooth finish. Only the finest second-growth, straight-grained white hickory stock may be used . . . and this must be scientifically and thoroughly seasoned before turning to insure perfect straightness. Step by step, Gretsch's attention to details is your assurance that your favorite stick will always be the same. There's a model exactly suited to your needs.

1D Art Blakey — Fine, all-round model for big band or small group. Ideally suited for ride cymbal work.

4D Rock 'N Roll — An ideal choice for today's beat whether it's Liverpool, Detroit or your own individual style. Designed for drummer's ease in handling no matter how demanding the dance work.

5D Progressive Jazz — Medium weight, long model. Designed by one of the most progressive jazz drummers today. Perfect for fast work between snare, tom tom and cymbals.

6D Elvin Jones — Modern jazz drum star, Elvin Jones, known for his personal approach to drums, now has personal drum stick designed by Gretsch and available for versatile hard-driving stylists.

7D — Mel Lewis — Very light dance stick used by Lewis and many others. Ideal for top cymbal work and left hand independent snare drum beats.

8D Don Lamond — Similar to the 7D in weight but slightly longer. A "fast" model, very popular with drummers who play "Up-Tempo" numbers.

GRETSCH Perma-Tone (PLASTIC) Drum Heads

With Gretsch Perma-Tone plastic drum heads you get all the advantages of fine calfskin without any of the weather problems. You never have to tension heads in humid or rainy weather. Once head is set, no further tensioning is needed regardless of climate changes. Drums always sound crisp and snappy. Mounted on metal flesh hoops, your Perma-Tone drum heads are ready to attach to your drum quickly and easily. You'll find them more than ideal for outdoor concerts and marching bands. Because they are long-lasting and of even thickness throughout, Perma-Tone drum heads are comparable in feel and response to high quality calfskin.

GRETSCH Marching Drums

The Marching Deacon Drum Section of Wake Forest College, Winston-Salem, North Carolina, Dr. Calvin R. Huber, Director, with their Gretsch Marching Drums in exciting new Satin Flame finish.

For the "first division" drum section nothing will stand out as much as a beautiful array of Gretsch marching drums.

Exciting, eye-catching finishes make these drums a standout wherever they are played. Choose from a rainbow of Pearls — match your school colors, the glowing excitement of new Satin Flame or the handsomely smart selection of lacquer finishes.

Above all they have "That Great Gretsch Sound" — the result of quality construction and advanced design features only Gretsch drums offer: 6-ply molded shells guaran-

teed round for the life of the drum. Moisture-proofing on the inside for extra protection. Exclusive snap-in key and holder. Self-seating, self-aligning strip-proof tension rods. Die cast, fully flanged and beaded counter hoops. All metal parts triple-Chrome plated.

With these added features — and many more — Gretsch marching drums put your band way ahead of others. After all Gretsch is the choice of the famous Goldman Band as well as top schools and colleges. Get in step with Gretsch and step out with "That Great Gretsch Sound".

Fiery brilliance of color . . . sleek, modern design . . . plus the kind of tone that commands attention . . . these are the exciting qualities that put Gretsch on the march in the finest Marching Bands and Drum Corps. All of these features built in:

- Exclusive 6-ply molded shells (lifetime perfect round guaranteed)
- Streamlined die-cast tension casings
- Snap-in key holder • key snaps in place (Patent #3139783)
- Self-seating, self-aligning, strip-proof tension rods
- Fully flanged molded counter hoops
- Inner tone controls for batter head on snares and tenors
- Metal parts Chrome plated
- Perma-Tone heads
- Micro-Sensitive snare strainer
