WE WELCOME THE DEMANDS OF TODAY'S MUSICIANS AND EXTEND A WARM WELCOME TO MEMBERS OF OUR EVER GROWING "FAMILY" OF DRUMMERS.

PREMIER SERIES ELITE

The Elite Series represents the very essence of Premier's musical heritage, spanning 90 years of success as the world's leading brand of drum and percussion manufacturers.

Our flagship range is more than a drumset, they are true musical instruments crafted from the highest quality materials and available with a comprehensive yet versatile collection of options with today's drummer in mind.

Epitomising the much sought after and legendary sound that Premier instruments are renowned for, the Elite Series are the most dynamic range of drums available and have been embraced by many of modern music's leading and inspiring drummers.

The secret behind the great sound lies within the craftsmanship. Elite Series is available with a choice of three 5.7mm 7-ply un-supported

wood shells – North American maple, birch or our acclaimed Gen-X concept offering a carefully balanced mix of birch and maple.

Each tom and floor tom shell is undersized by 3mm allowing the head to seat flatter over the bearing edge extending the resultant tone and sustain. Standard fitting of Remo's Ambassador-X heads further compliment the Elite timbre.

As standard each tom features our stylish and innovative flush-fit ISO mount for greater sustain and extended tonality and featuring a close circumference design, allowing close tom placement.

Every tom is fitted with a pair of our iconic low-profile die-cast hoops bringing a further focus to the drum's tone as well as adding to the high-class appearance of the range.

PREMIER SERIES ELITE

Elite Series are the ultimate offering for any serious drummer with a wide range of proven sizes available as standard. We are proud to offer stunning finishes which include vibrant wood-grain lacquers and lustrous sparkles in a combination of even-coat, fade or burst effects.

For a full list of Elite Series options visit your local authorised Premier dealer or visit premier-percussion.com

PREMIER SERIES CLASSIC

A focused selection of drumsets offering all the best features associated with the hugely successful Elite Series, Premier's Classic Series drums are available as pre-configured shell packs; a first for truly high-end professional drums.

The Classic Series feature a 7-ply North American maple shell construction, pressure-bonded shells and undersized by 3mm, the traditional characteristic of our drums and borrowed from our finest orchestral timpani where tone and clarity are key.

Rack toms are fitted with the stylish flush-fit ISO mount which allows closer positioning in multi-tom set-ups and firm support with no unnecessary loading on the shell allowing optimum resonance. 'Crosstalk' between drums is also minimised which is a benefit in any recording or live micing situation.

Our Classic Series is the epitome of a classic drumset for any professional drummer, with an exciting range of options that above all, are quintessentially Premier through and through.

NICKO MCBRAIN REPLICA TOUR KITS

2899-66FFR
The Final Frontier

Nicko McBrain certainly requires no introduction. Iron Maiden's legendary drummer for nearly 30 years has recorded and toured the world playing to millions of fans over that time. Nicko has influenced many modern drummers over a wide range of styles and since 1993, been supported by Premier for all of his requirements both in the studio and on tour.

To celebrate the great relationship with Nicko, Premier are proud to introduce 6 authentic replicas of Nicko's finest tour kits to date, available exclusively for the first time.

Each design is printed and produced in England to exactly the same specification as the tour kit with a choice of artwork that remains faithful to the original.

Featuring many of the signature characteristics found upon Nicko's kits including square size toms, direct shell mounting, Remo drumheads and extra long Roklok tom holders, these replica tour kits are a must have for any Nicko McBrain or Iron Maiden fan.

NICKO MCBRAIN
IRON MAIDEN

"Premier, 'The Elite' manufacturer of drums for the most serious drummers out there. Over my wonderful time with Premier I have seen them grow from strength to strength. The Premier

Series drums that I have been using over the last tours are a classic example of quality and care in the manufacture. You can't (well you do, don't you) 'BEAT 'EM!'"

The Genista Series remains one of Premier's most successful drumsets of all time. Genista is the first choice for aspiring and professional drummers alike whilst remaining classic and distinctive in its sound and design but with more options available than ever before.

Genista shells are available as either 100% American maple or 100% American birch. The shells are 5.6mm 7-ply thick and like all professional Premier drums, the toms and floor toms are 3mm undersized for easier, more-positive

tuning and clearer sound quality. The shell finish is impeccable with a choice of stunning sparkle lacquers, high gloss lacquers and new for this year – sparkle fade lacquers. American maple shells are fitted with a die-cast ISO mount in Diamond Chrome whilst the American birch* feature the more traditional mounting upon the shell to enhance the quality of the birch shell.

With the now iconic and distinctive lug design, finished in Diamond Chrome, the Genista is a legend within its own time and perfectly complemented with the legendary 'P' badge.

HERITAGE SERIES

With its roots in the rich stream of creative music making, the Heritage Series offers a selection of drumsets appealing to drummers looking for simpler more traditional set-ups. Whether revisiting historical musical styles or exploring cutting edge acoustic compositions, this range offers a focused yet affordable choice.

Made from 7-ply premium birch, the range includes the jazz drummers staple 18" x 14" bass drum and 12" x 8" tom in the 'Jazz 18' set-up or 20" x 14" in the 'Jazz 20' for those seeking a little more authority to deal with higher volume styles. The space saving and sonically mighty 20" x 8" bass drum in the famous 'Club Kit' configuration completes the exciting range of set-ups available.

Features include the distinctive Heritage lug, 2.3mm triple-flange steel hoops, Remo drumheads, folding bass drum spurs and the legendary 'P' badge, truly a seal of approval!

SPiRiT OF MaidEN

DRUMSET

Since 1993, the relationship between Nicko McBrain and Premier has culminated in a series of iconic drumsets produced to support Iron Maiden's world tours that are instantly recognisable by the band's millions of fans. The 'Spirit of Maiden' is the first drumset product from Premier that offers fans an affordable drumset that's officially licensed by Iron Maiden.

The artwork of the kit depicts the band's iconic mascot Eddie from the 'Piece of Mind' album; the first Maiden album to feature Nicko on drums. Finished in a two-tone metallic grey and silver, the covering is produced in the UK at the same facility used for Nicko's personal tour kits. Each drum has a silver embossed Iron Maiden badge that complements the artwork whilst the bass drum head includes the Premier logo in Maiden's signature font.

The Spirit of Maiden shell pack consists of many signature features found upon Nicko's tour kits including direct shell mounting, triple-flange steel hoops and ebony response heads.

The Modern Classic family of snares hark back to yesteryear with beautiful tube lugs and smooth action Dunnett snare strainers. From the richness of maple, the dry warmth and toneful projection of hammered brass, to the strong toned brightness and cut of steel, there's a Modern Classic to suit your individual style.

All Modern Classic snare drums feature a distinct snare bed profile that works in harmony with our unique bearing edge, to create increased sensitivity, a more versatile tuning range and reduced rattle snare.

With a number of options available, every Modern Classic has its own unique sound that can be applied to almost any musical genre. Coupled with

a refined elegance that will match any drumset, the Modern Classic snare drum should form the core of any drummer's collection.

A superlative collection of hard-working, adjustable and highly functional hardware with progressive, contemporary designs, extreme functionality and a comprehensive selection of stands, pedals and thrones for the active drummer.

All 6000 Series hardware is double braced and feature heavy-duty memory locks to ensure ease of

set-up and robustness night after night. This range is the choice of many of Premier's international artists because these stands live up to the test of gigging night after night and have stood the test of many a world tour.

Unique features within the range include a snare drum with a universal ball-joint cradle tilter ensuring the most accurate snare position. All cymbal stands include an infinite position cymbal tilter again for precise cymbal placement

whilst the cymbal boom stand has the innovative disappearing boom allowing itself to convert to a straight stand if required.

The 6000 Series pedals are dual chain drive and feature a dual sided beater, adjustable cam, toe stop and base plate, a feature also included on the hi-hat stand.
