

CAMBER[®] CYMBAL

*a vibrant
spectrum
of sound*

CAMBER BRASS

Young professionals and serious students choose the brass Camber cymbals for their consistency of tone and brilliant sound. Positive stick response combined with durability and a rich resonance make these cymbals an "Extra-Ordinary" value.

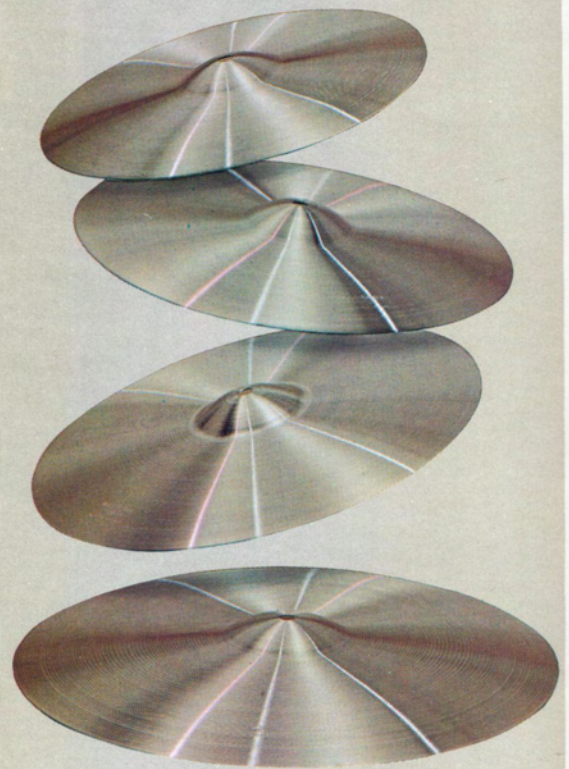

14"	#314	Hi-Hats
16"	#316	Crash
18"	#318	Ride
20"	#320	Ride

CAMBER NICKEL-SILVER

A nickel-silver alloy specially developed by acoustic metallurgists has been selected to produce an optimum variety of forceful sounds.

Explosive and cutting crashes can be created with incredible crispness and clarity of tone.

The most popular of the moderately priced cymbals, this group provides an excellent answer to the needs of today's modern drummer.

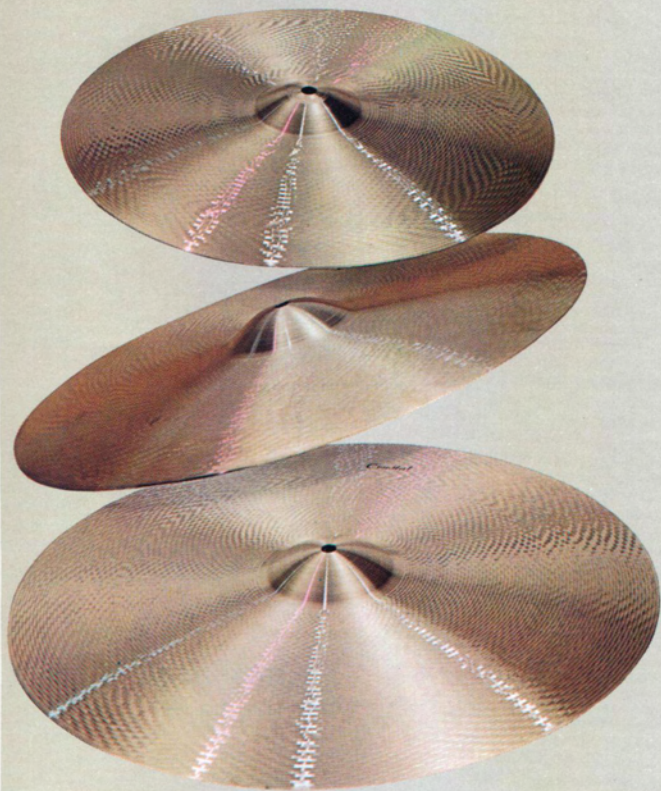

12"	#212	Hi-Hats
14"	#214	Hi-Hats
14"	#200MP	Matched Pair—Hi-Hats
15"	#215	Hi-Hats
16"	#216	Crash
18"	#218	Ride
20"	#220	Ride
22"	#222	Rock/Ride

CAMBER CRYSTAL

The sparkling brilliance of these nickel-silver cymbals provides a spectacular visual effect. They glisten with a new array of exciting and powerful new sounds. The finish cannot be spoiled by fingerprints as the cymbal is specially treated to resist markings.

The beauty of the elegant crystal shimmers with an eye-catching array of reflections as it refracts light rays in all directions. With amazing ease you can obtain quick and sensitive response.

| 20" | #520 | Ride |
| 22" | #522 | Rock/Ride |

CAMBER BRONZE

The ultimate in exceptional sound and brilliant tonal quality is attained with these expertly designed bronze cymbals. The stunning versatility of sound they project make these cymbals the "GRANDMASTERS" in their field. They are specially treated to prevent fingermarks from marring their beauty.

The discriminating professional will find these rich bronze cymbals ring out with vibrant tonal definition and unequalled projection.

In the Old World tradition of quality, our expert craftsmen continue to produce cymbals of unsurpassed excellence, carefully designed and created for their unequaled tone and value. Utmost care and superb craftsmanship guarantee precision in the blending process for our cymbals, enabling you to create dynamic and fresh new sound sensations with only a minimum of effort.

Camber cymbals are individually tested before they leave our factory to insure that they meet all our quality control standards. Each cymbal is proudly etched with the Camber mark of reliability and tradition. More and more professional drummers are keeping beat with the vibrant sound of Camber cymbals.
