THE ARISTOCRAT OF DRUMS

Camco

THE ARISTOCRAT OF DRUMS

The heartbeat and uniting force of group music is the cadenced expression of a quality drum ensemble. And whether it's a soft ruffle or a solid, rhythmic, thundering beat, you'll find quality with Camco.

A single sitting will convince the serious student and the accomplished professional they are playing truly fine musical instruments. Camco - no other name offers so much in the sound that holds a performance together.

Here is the "Big Apple" of all drum outfits... designed for the drummer who is seeking the complete range of sounds—with true drum character in every beat—and with a full measure of modern styling and mechanical perfection. This set is for both large and small bands. It is right for the classics or for jazz. There is nothing finer to be had and nothing that will give greater playing satisfaction and eye appeal than the advanced Double Tom-Tom Outfit.

THE "ARISTOCRAT"

A great number of top ranking professionals declare the 5 x 14 size drum to be the best for those who do all-around work with different groups. The "ARISTOCRAT" 5 x 14 has both delicacy and volume and will withstand hard usage on the road. It is a "tailor-made" instrument of mechanical efficiency and modern styling . . . A wonderful easy-playing drum, with sounds that will please the perfectionist.

THE BAND "ARISTOCRAT"

This is a real "drummer's drum," with colorful, rich and penetrating sounds that make it the very "tops" for large concert bands and orchestras. It is the correct size for producing great volume; yet it is so sensitive that it can be played down to a "whisper." Like all "ARISTOCRATS," it is very carefully made in every part—even to finishing the inside of the shell.

"ARISTOCRAT" BASS DRUMS

Drummers and leaders in both the school and professional fields must have the particular "sound style" that blends in with the musical character of their special organization. Jobbing drummers often have to alter the sounds for different groups. We are, therefore, building our bass drums to withstand the necessary adjustments. They have 6-Ply electronically bonded shells, with reinforcing hoops. The steel double claw hooks are of thicker gauge and have a wider bearing surface than those on most drums. The finishes are top grade, including hand-rubbed lacquers. These are indeed rugged, beautiful drums that can be adjusted to sounds required on any job.

		Stain or Lacquer	Pearl

CAMCO DELUXE PEDAL

**"THE PEDAL OF
PEERLESS PERFORMANCE"**

The vast number of "Big Names" who are using the Camco Deluxe Pedal is definite proof that it has stood the test of time and fully meets the exacting demands of the Modern Drummer.

Its mechanical perfection plus rugged construction are two of the chief reasons for its popularity.

Simplicity of adjustments eliminates guess-work and permits the Drummer to arrive at the desired feel, balance and flow; and with just the right amount of resistance that suits him best . . . This assures smooth, easy and fast action at all tempos.

Positively frictionless and quiet.

Here is the pedal that does not divert the mind, allowing the Drummer to put more emphasis on stick technique.

5000 Split Footboard

\$27.50

5000-S One Piece Footboard

\$27.50

Ball Bearings

Polished aluminum and chromium-plated parts . . . equipped with solid felt beater ball unless otherwise specified . . . weighs only 3½ lbs. . . . folds easily and compactly without removing any parts whatever.

CAMCO PEDAL PRACTICE PAD

The importance of "foot work" in modern drumming equals that of stick technique. This practical pedal practice pad is the most advanced design made. It is well made of aluminum and steel parts, with a rubber disc beating surface. Takes up very little space. It will definitely improve "the beat."

1000 \$8.50

BRUSH CYMBAL HOLDER

A new high post model. Cymbal is placed higher for less reaching and it has the extra strong "Camco" hoop clamp.

AVEDIS ZILDJIAN CYMBALS

No other make of cymbal in the world has the wide endorsement of the Avedis Zildjian brand. They have that "something" in blare, brilliance and rich sounds that has never been equalled. That, of course, is the reason the great majority of professional drummers, as well as concert band and symphony orchestra conductors, choose them above all others both in this country and abroad. Avedis Zildjian and his sons—Bob and Armand—personally mix the secret alloy in a closely-guarded laboratory, just as it was formulated in 1623. After casting they are fired, hammered, shaped and tempered many times under high temperatures. All of this (and much more) plus great skill, assures the resonance and strength for which they are world-famous.

Please specify thickness desired.	8"	16.00B

CYMBAL STRAPS AND PADS

These cymbal straps and pads are cut with "a little extra" in length, width, and thickness—a little larger than most models. This gives longer wear and is a great assist in overcoming fatigue and the tempo problem. Made of top grain "pearl elk" leather. Note that we supply knot washers.

BASS DRUM RACK

Over 1,000 high school, college and professional bass drummers are now using this—the top prize winner of all bass drum racks. Many have voluntarily stated that it is the strongest and best looking rack they have ever seen. Made of 1" diameter steel tubing instead of the usual 3/4" size. All chrome plated. It also opens wider and will accommodate the largest drums.

BELL-LYRA MALLET

New balance assures accurate aim—positively guaranteed unbreakable balls. The strongest mallets ever made. You can be sure that the balls will not break. Shafts are of 1/8" special alloy carbon magnesium steel made to our order. The hand grips are semi-hard ribbed rubber. These exclusive features provide a new feel and balance that means better control and therefore better playing technique. One of the most outstanding inventions ever presented in the percussion dept. They are slightly higher in cost because of better materials and workmanship, but they will outlast dozens of the old style models, therefore are much cheaper in the long run.

To: ALL KUSTOM AND KASINO DEALERS

Re: CAMCO DRUMS

Exciting news from Kustom Electronics, Inc!!!

Yes, it's true. Kustom Electronics has purchased the Camco Drum Company.

Our basic aim in serving you, the music dealer, has been to offer a complete line of quality music products. Camco Drums "fill the bill" with a complete line of quality drums and accessories.

Camco Drums have long been recognized as a leader in the drum industry. They are nationally recognized by their "round lug" hardware and nationally famous for their high quality hi-hats, Camco pedals, and other machined (not cast) hardware.

Camco Drums by Kustom will be a valuable franchise for you, resulting in extra sales and profits for your store.

Fill out the enclosed form so we may count you in our franchising plans.

Your immediate attention will be appreciated.

Yours in selling,

Jack Loss
Merchandising Manager
