THE SHELLS - MAPLE OR BIRCH

- Artist Maple - 100% North American Maple 6 ply (6mm/0.24" thick)
- Artist Birch - 100% Selected Birch 7 ply (5.5mm/0.22" thick) toms & snares and 7 ply (7mm/0.28" thick) bass drums
- Perfectly round un-supported shells hand-laminated in solid formers
- Microwave curing ensures total stability of the shell structure
- Angular butt-joints for added strength and rigidity
- Precision cut and dressed bearing edges ensure full projection and tone
- Choice of 7 beautiful stain and high-gloss lacquer finishes
- 'Quick Size' mounted toms give depth and volume with a quick response

All Artist Maple and Birch drums are handcrafted in Premier's 100,000 square feet facility in Leicestershire, England, dedicated to the production of drums, percussion instruments and accessories. With a history of more than 75 years of designing and building drums the Premier name is your assurance of quality, craftsmanship and the very latest in drum innovation.

ARTISTMAPLE

The enormously successful Artist Maple series is now available in a lustrous Dark Walnut finish. The rich brown tones are accented by nature's perfect wood grain highlights. Not only does this drum get the attention because of its expensive classic look, but also demands recognition for full body tom sound and thunderous bass drum tone. All Artist Series are equipped with Everplay drumheads by Remo, ISO mounting system, low mass tension casings and "Quick" Size Toms with Pro-Ring Hoops.

PROJECTORIITENORS

From a long line of history comes the next generation of marching tenors. The Projector II tenors are made of 8ply/8mm all Birch shells with a new shell profile for added projection and tuning. Genista style tension brackets, 2.3mm steel hoops and a new aluminum internal shell support ring allow for greater tensioning for today's marching bands and drum corps. Projector II tenors come standard with the Everplay Marching Pinstripe, made by Remo.
