**Flesh Hoops and Counter Hoops**

When ordering flesh or counter hoops, we must insist that the shell of the drum be sent to us if a perfect fit is desired. If this is not possible, place the drum on a piece of paper and draw round the outside edge. In the latter case, however, we cannot accept any responsibility if hoops do not fit.

(Spare parts supplied at proportionate prices)
THE ONLY BASIS on which we expect to keep your custom is—your complete satisfaction.

Read our guarantee on the inside of the front cover. We live up to it in the spirit as well as the letter. Unless you are satisfied in every way with a "PREMIER" product, you can return it to us (or our Authorised Agent) within five days, and have your money refunded promptly and cheerfully. You are the Judge.

We make drums for the professional drummers of the World. We have been doing so for years. The heads of this firm have been practical drummers themselves; know just what is required in modern orchestra work, dance work and military work; and so, are able to get the real practical touch and finish into the newest designs of instruments, effects and accessories. When you read the detailed descriptions in the pages following, you will see that we know just what is required by the modern drummer.

If you can come and personally visit our Works in Silex Street, Friar Street, London, S.E.I, please do. You will be welcome. We shall be glad to show you any stage in the manufacture of drums and accessories in which you may be interested.

You can see for yourself how careful we are in every detail of manufacture, and how every one of our instruments is tested by experts for practical use, before it is allowed to leave our factory.

SERVICE

The Professional Sales Department is in the personal charge of ERIC LITTLE, who is recognised as being the chief authority in this country on matters relating to DRUMS AND DRUMMING. His experience of over 25 years in every class of Drumming (orchestral, dance, military, and symphonic) is at your service, and he will gladly give any assistance you may require in the selection of instruments and accessories.

Hire Purchase Terms are at Your Service

For an order of over £5 we can offer the following easy terms:
You make a deposit of 20% of the total value of the order; and agree to pay the balance in equal instalments over a period to suit your own convenience.

This also applies to PREMIER products bought through our Authorised Agents.

Authorised Agents almost Everywhere

We are represented by Local Dealers in most big towns. If there is no PREMIER Dealer in your district then write to us direct, telling us just what you need.

Instructions for Ordering

Always quote Catalogue Number and mention "CATALOGUE G."

TERMS:—Net cash with order or C.O.D. system. Postage or carriage extra in all cases and should be included in remittance.

IMPORTANT.—Do not fail to advise us of any change of address—we can then keep you posted with full information from time to time.
Premier Pedal Tympani

SPECIAL FEATURES

The Pedal.
Light, swift and positive pedal action.
Pitch changed instantly.
Pedal holds in any position.
Adjustable height.
Unique tilting device.
Aluminium folding base—hardened steel working parts.

The Tympani.
Full-size, hand-hammered, burnished copper shells.
Steel reinforcing bands.
Special new design flanged hoops.
Metal flesh-hoops.
Square threads.
Spring loaded drop handle on each Tympani.
Nickel-plated hoops and fittings

PREMIER TYMPANI TRUNKS.
A good Tympani deserves a good Trunk. PREMIER Trunks are made to stand constant transportations, and are the strongest obtainable.
They are of plywood, covered with black fibre, with braided steel edges and corners. The inside is fitted with special straps, and padded in such a manner that the Tympani is thoroughly protected from risk of damage. The stands are strapped firmly to the lid and are readily removable for setting up before unpacking the shells. Fitted with a strong lock and two clasps. Supplied at practically cost price as a special PREMIER service item.

No. 249. Pedal Tympani Trunks per pair... £10 0 0

PREMIER Pedal Tympani are the latest addition to the "Premier" range of percussion instruments. The application of this device opens up a new era of musical expression. It means that change of pitch is instantly made by foot pressure, with a practically limitless range of adjustment.

The advantages to the drummer are immediately obvious. PREMIER PEDIAL Tympani give the drummer full liberty of expression in creative music—unfettered by mechanical limitations, and with tone-quality equal to PREMIER Hand-screw models. Astute drummers will readily appreciate what this means in terms of pounds, shillings and pence.

The low price is due to the perfection of design, and the special and elaborate plant recently installed in our Tympani Department. It gives an opportunity to every good drummer which, from the financial aspect alone, he cannot afford to miss.

PREMIER Pedal Tympani are built to last a lifetime—they carry the usual full PREMIER guarantee. British made throughout, they are the World's finest Tympani.

Special finish prices on request.

No. 220. Sizes 23" and 23", Standard models, per pair £60 0 0

Harry Atkinson
Renshaw's, Newcastle
The New Premier De Luxe Tympani

The PREMIER De Luxe Tympani are now recognised as the standard hand-screw models, and lead all others. These twelve outstanding points prove our claim:

1. Full-size, hand-hammered, burnished copper shells.
2. Special new design flange hoops.
3. Metal fixed hoops.
4. Extra rapid tuning action.
5. Ball self-aligning nut in bracket.
6. Steel cone tightening down washer.
7. Fibre washer to take pressure.
8. Square threads.
9. Drop handle.
10. Sliding adjustable legs.
11. All fittings and hoops nickel-plated.
12. Specially selected calf Tympani heads.

The tone-quality and extraordinary ease of tensioning are far superior to anything previously attained, and combined with the wonderful appearance and finish represent true perfection in Tympani.

Prices include sticks and head protectors.

† No. 236. Sizes 25" and 28" (Standard models), per pair, £33 0 0
† No. 227. Sizes 26" and 29" (Symphony Models), per pair, £39 0 0

Prices of special finishes and other sizes on request.

TYMSPANI COVERS.
A neat substantial waterproof mackintosh cloth, on a plywood foundation; tightens with cord, and will adequately protect your Tympani head and fittings.

No. 246, For 25" Tympani, £1 2 6
No. 247, For 28" Tympani, £1 7 6

Premier Popular Model Tympani

A popular model Tympani embodying all the features necessary for the drummer to equip himself with a high-grade Tympani at a low cost. Each drum has six fittings, with one drop handle. The kettles are manufactured by the same method as the higher-priced models and are strongly reinforced, so that no buckling can occur and a perfect round is maintained.

The rims and sliding adjustable legs are pleasingly enamelled in dark blue, the handles and brackets being well nickel-plated. PREMIER Calf Tympani Heads.

† No. 236, 24" and 27". Popular Model Tympani .. £34 0 0

Popular Tympani Trunks
Made of strong quality three-ply wood, these trunks are very durable. Corners and sides heavily steel supported. Fitted with strong lock and chasis and will stand many years of hard wear.

† No. 250. Popular Tympani Trunks, per pair . . . . . . . £6 10 0

Premier

THE PROFESSIONAL'S CHOICE
PLYWOOD
the wood that is stronger than wood

The PREMIER method of plywood construction is the most modern improvement and development in drum-making.

In a drum shell, great strength and ability to hold to a perfect round are features which are essential to the production of the best drum tone.

PREMIER laminated drum shells are made up of three layers of perfect timber, with the grains of adjacent pieces crossing at right angles. They are four times stronger than solid wood shells of the same thickness and are immune from climatic changes.

PREMIER laminated shells always keep their shape; there is not the slightest tendency to twist and they are guaranteed not to warp. These PREMIER plywood constructed shells therefore offer the maximum resistance in every direction.

PLYWOOD is the wood that is stronger than wood.

TRADE MARK LABELS
We use the trade mark label illustrated, for both PREMIER SNARE and BASS drums. The PREMIER DE LUXE name-plate in black and silver indicates the highest standard of quality in the World, and is affixed to all our Professional "De Luxe" models. Only first grade PREMIER products bear this label.

GUARANTEED DRUMS

The PREMIER DE LUXE Models are our finest Bass Drums. Admitted by almost all drummers to be the leaders in tone, quality, finish and wear throughout. Our method of construction makes certain that they will keep their appearance under more hard usage than any other drum manufactured. Only the finest materials are used. We can recommend them on the many testimonials received from all parts of the World. Our Bass Drums have a laminated shell with heavy inside supports, and GUARANTEED NON-WARPING. Beautifully finished by the latest cellulose process, hand-burnished to a piano finish. Separate tension tympani-handle rods fitted. Specially selected PREMIER White Calf Heads. The neat Trap door cut in each drum is very useful for arranging lighting effects.

GONG DRUMS—Single Stoles

Next in appearance and light in weight. The following models are made for those who require a one-piece outfit. All traps can be carried inside the shell.
No. 214, 20" Gong Drum £1 15 0
No. 215, 22" £2 5 0
No. 216, 24" £3 17 0
No. 217, 26" £3 5 0

Bush Gongs. Note—The overall measurement of a "PREMIER" Bass Drum is 3" more than the shell size stated.
The Premier Metal Shell.

The shell is by far the most important point in the snare drum. It must be strong enough to hold to a perfect round under any amount of strain.

PREMIER one-piece drum shells are of 20 gauge specially rolled brass, formed into shape by a clever spinning process. They are perfectly round and guaranteed not to warp.

The Snare Bed is a most vital factor controlling the tone of the drum. We have a special device for this job and can warrant each snare bed to be properly graded. This is all-important in a drum, yet a matter which few drum-makers understand or ever mention.

PREMIER Flange Counter Hoops are the strongest made, and cannot cut the heads. Made of brass—therefore non-rustling. The join is invisible—it is electrically welded. To ensure a perfectly round and rigid hoop, each one goes through a heavy power press, and is subject to a pressure of 40 tons.

Fittings. Perfect threads, perfect alignment, and perfect finish. Examine every detail and you’ll agree.

The PREMIER Snare Strainer is made so that the snares can be adjusted and thrown off from one fitting. By means of a locking lever device the snares remain rigid when engaged, and cannot cross or get out of order.

The Drum Key. A flat, pressed steel key, which does not fall off the rod when the hand lets go in turning. The rods are slotted so that a coin can be used if the key is mislaid.

Premier De Luxe Model
Snare Drums

All Metal. Separate Tension.
The drum that meets the exacting requirements of the professional drummer. It is correct—perfect—in every detail. Read through all of page 3. It is a detailed specification of this drum. The heads are finest quality, specially selected PREMIER "Super Slunk." Each pair correctly matched. The bevelled snare flesh-hoop ensures easy action of snares. Wire covered silk snares fitted as standard, but you have your choice.

Premier Cymbals

SIZZLE CYMBAL.
A very novel effect which attracts a great amount of attention. A wonder in a hot fox-trot chorus, and well worth featuring.

No. 356. 13" Premier Sizzle Cymbal ... £1 0

"HAND-SOCK" CYMBALS.
This is a fine rhythm cymbal effect; one of the very latest stunts. Many varied effects can be worked up with them. Wonderful for show work. Many drummers use one in each hand.

No. 357. "Hand-Sock" Cymbals, complete with B.D. Holder ... 4/9

DEEP CUP "SOCK" CYMBALS.
Extra large deep cup 10" brass cymbals which bring out the hollow "squeak" tone.

No. 360 ... ... ... each 4/6

EGYPTIAN CYMBALS.
Used in pairs like small bell cymbals. Each solid nickel cymbal is of a different pitch, and is complete with clamp for bass drum. Fine for after-beats and very pretty in waltzes.

No. 358. Premier Egyptian Cymbals per pair, 7/6

Premier Super Finishes

The foremost drummers in this country have already recognised in a practical manner the value of Premier Super and Wonder finishes. Naturally, we do not claim that these finishes improve your playing ability. But certainly their very appearance will make you keen and inspire confidence.

"Regal" imitation gold-plating adds still further attraction at low cost. "Popular" Model Bass and Snare Drums can now be had in special finishes.

Add the prices below to cost of the Drum chosen.

Premier New Wonder Finishes

Glittergold
The very latest finish that will appeal to every drummer who wants a most beautiful and attractive display. These wonderfully finished instruments will help to establish that favourable first impression and increase your earnings. "Glittergold," sparkling with a million tiny brilliants, positively commands attention. It reflects the light and holds the eye in wonder. "Glittergold" Drums add flash, colour and beauty which cannot help but ensure success. All fittings are finished in our new "Regal" (imitation gold) plating, which we can strongly recommend. It looks fine and lasts very well.

THE PROFESSIONAL’S CHOICE

Page Forty-seven
Premier Cathedral Chimes

The wonderful effect of Chimes is indispensable for nearly every type of work—Military, Concert, Theatre, Cinema or Dance. Premier chimes are famous for their clarity and volume.

Made to the highest standard, they are flawless in pitch and tuning. The tubes are of heavy 1½" special brass alloy, nickel-plated and polished. They are hung on a strong, rigid, folding steel frame, complete with damper and rawhide mallet. Supplied in Low pitch (C-522) unless otherwise specified.

†No. 578. Set of 8 1½" Cathedral Chimes, key of Eb £11 10 0
†No. 579. ... 13 ... ... £16 10 0

Chime Mallet

A perfect Chime Mallet. Rawhide Beater on polished wood handle. Made in two sizes.
†No. 589a. Small size ... 3/6
†No. 589b. Large Size ... 4/6

Premier Tubular Bells

These Bells are a small edition of our Cathedral model. The tone is really fine, and quite suitable for many jobs where a very powerful tone is unnecessary. The tubes are 1" diameter, hung on a folding metal frame, fitted with damper. All parts heavily nickel plated and polished. Every set is well made in every way and GUARANTEED perfectly tuned. Rawhide Chime Mallet with polished wood handle included.

†No. 576. Set of eight 1" Bells, Key of E Flat ... £8 0 0
†No. 577. Set of thirteen 1" Bells, Key of E Flat ... £11 10 0

Miniature Chimes

A very handy small portable set of Bells. Nickel-plated 7/8" brass tubes hung on a neat polished wooden bracket. In high or low pitch, as required.
†No. 580. Set of eight Bells in E Flat ... £17 6
†No. 580a. Set of thirteen Bells in E Flat ... £21 18 6
Orchestra Bells

The finest Bells it is possible to buy. The special carbonised steel used produces a clear and sustaining tone—without overtones. The vibrations are even and the notes possess great carrying power. The Bells are mounted in a strong fabric covered carrying case, with safety catch locks. All metal parts highly nickel-plated. We invite comparison, which will demonstrate that these Bells are superior to anything on the market at near the price.

†No. 570. 2½ Octave, G to C (complete with Beaters) ... £5 5 0

Premier Bell Stand

A strong, folding rigid stand, adjustable in height. Folds compactly like a snare drum stand to 14½" in length. Highly plated and polished.

No. 569 ... £1 1 0

Premier Harpaphone

The PREMIER Harpaphone has a soft, rich, and resonant tone and it is the finest instrument known for bell parts. All metallic effect is eliminated. The notes are made of specially carbonised steel, 1½" x 1½", and are permanently fixed down to the frame. The resonators are removed by a simple spring locking device. The rigid steel frame folds into one unit and can be set up or taken down in a few moments. No screws used.

It is without doubt 100% efficient for recording work, and in a class by itself.

†No. 571. 2½ Octave Harpaphone ... ... ... £13 10 0

Super finishes at a small extra cost make a wonderfully attractive show. White or Black frames with all-metal parts in the new "Regal" plating.

Extra ... £4 10 0

Guaranteed Drums
Premier Marimbas

Your choice of elevated or level mounting of the sharps and flats

These new model Premier Marimbas are rich and mellow and the sustained tone qualities closely resemble a pipe organ, especially in the lower range; and they have exceptional carrying powers.

Genuine Rosewood notes running from 2\(\frac{1}{2}\) to 4\(\frac{1}{2}\) wide and 7\(\frac{3}{8}\) thick.

Strong rigid frame, of fine appearance, folding into two pieces. Resonator adjustment is incorporated in all our models. Solist's wheels and split frames and resonators can be fitted. The stand, resonators and all metal parts are heavily nickel-plated and polished, with very best quality material and workmanship. Every instrument carries the famous PREMIER guarantee. Prices include 3 pairs assorted mallets.

1 No. 596. 3 Octave F below middle C to F. £27 0 0
1 No. 597. 2\(\frac{1}{2}\) Octave F below middle C to C. £30 0 0
1 No. 598. 4 Octave C below middle C to C. £40 0 0
Add cost of wheels and splitting features to price of instrument chosen.
1 No. 602. Solist's Wheels, fitted £2 0 0
1 No. 603. Splitting of frames and Resonators, £2 0 0

Premier Xylophones

Your choice of elevated or level mounting of the sharps and flats.

De Luxe Xylophones

The ideal Xylophone for the Soloist, and the finest made in any part of the world. Equally suitable for any sort of work and perfect for recording.

The tone is brilliant, clear, clean-cut and of great carrying power.

Genuine Rosewood notes, 1\(\frac{1}{2}\) wide by 7\(\frac{3}{8}\) thick, mounted on a new cushion felt which helps bring out the best from the notes.

The resonators are graded both in length and diameter to produce a rich Xylophone tone.

All models are fitted with the PREMIER resonator pitch adjuster. Prices include 3 pairs assorted mallets.

PREMIER Xylophones are used by such famous London artists as Jimmy Bradshaw and Harry Robbins.

1 No. 583. 3 Octaves, C to C. £21 0 0
1 No. 584. 2\(\frac{1}{2}\) Octaves, G to C. £23 10 0

THE PROFESSIONAL'S CHOICE

Page Fifty-five
Premier Snare Drum Stands

**Concert Model.**
The ideal stand for concert, theatre and cinema drummers. It has a heavy cast base, and whatever the weight of your drum it will be held quite firmly. The arms are fitted with rubber grips. Adjustable as regards both height and angle, and easily taken apart.

No. 300. Concert Model Stand... £1 1 0

**Heavyweight Folding Model.**
An improved model made for those who require a heavy, but at the same time a folding stand. The base is of the standard tripod type, but is made of extra heavy steel to entirely prevent wobbling. Fully adjustable for height and angle. Arms fitted with rubber grips.

No. 301. Heavyweight Folding Stand... 17/6

**Popular Model.**
A neat, light and durable stand which we strongly recommend for "gig" drummers. It is made throughout of nickel-plated pressed steel parts which give it great strength and ensure it being rigid. Easily and fully adjustable.

No. 302. Popular Model Stand... 13/6

**Junior Model.**
This stand is very light, but strong. Made throughout of pressed steel parts, nickel-plated. Will fold into a small space. Adjustable to height and angle.

No. 303. Junior Model Stand... 10/6

---

Premier Snare Drum Cases

**SUPER QUALITY**

**Square Model**
Greatly improved case, similar to illustration, but with 2½" tray for carrying traps over snare drum. Made in very best vulcanised fibre, cloth lined. Nickel-plated metal corners. Fitted with two locks, with safety catches. A beautiful case, absolutely waterproof, which will give lasting service.

†No. 453. Square case with tray... £1 14 0

**Suit Case Model**
A case in great favour owing to its narrow width. Will hold any size orchestral snare drum, and has a separate compartment for traps. A new and very serviceable case, made of vulcanised fibre, cloth lined. Two locks with safety catches fitted.

†No. 452. Suit case model... £1 11 0
Telescopic Drum Cases

Telescopic Bass Drum Cases
A very strong black vulcanized fibre case, absolutely waterproof. Made in two styles—round and square. It will extend from 15" to 21" deep. Good quality adjustable leather straps fitted.

†No. 730a. Round B.D. Case. 26" x 15" to 21" deep  £3 0 0
†No. 730b. Square B.D. Case. 26" x 15" to 21" deep  £3 0 0

†No. 731b. Square B.D. Case. 28" x 15" to 21" deep  £3 5 0
†No. 732a. Round B.D. Case. 30" x 15" to 21" deep  £3 10 0
†No. 732b. Square B.D. Case. 30" x 15" to 21" deep  £3 10 0
†No. 733a. Round B.D. Case. 32" x 15" to 21" deep  £4 0 0
†No. 733b. Square B.D. Case. 32" x 15" to 21" deep  £4 0 0

Telescopic Snare Drum Cases
Made of very strong brown fibre, which is very light and absolutely waterproof. Fastens with buckle and leather strap, and has a loose partition. It will hold any size snare drum and many traps.

†No. 456. Round Telescopic S.D. Case 17/6
†No. 457. Square Telescopic S.D. Case 17/6

Premier Drum Covers, etc.

Premier Drum Covers
Premier Drum Covers are made to fit Premier Drums perfectly. Therefore, look for the name Premier on every label, and be certain of obtaining full value for money. Absolutely waterproof covers, made of the strongest, extra heavy manufacturing cloth obtainable, fitted with strong powerful press fasteners. Undoubtedly the finest Drum Covers on the market. Due to the increased demand for Premier Covers, we have made very substantial price reductions.

When Ordering give shell measurement only, and state catalogue number of drum if possible.

The above are Shell Measurements, we make allowance for Counter-hoops.

Bass Drum Carrying Straps
The best way to carry your Bass Drum is to use a carrying strap, with slings for shoulders. String 1" leather straps with nickel plated buckles.

†No. 700. Carrying Strap for 21" Drum 5/6
†No. 701. Carrying Strap for 23" Drum 5/6
†No. 702. Carrying Strap for 25" Drum 5/6
†No. 703. Carrying Strap for 30" Drum 5/6

Drum Heads

You must be critical about your drum heads. The Premier reputation for catering for the exacting wants of the professional is well known.

The Trade Mark "PREMIER" is stamped on every genuine head. Insist on the genuine.

Premier
SUPER SLUNK

The very finest Snare Drum heads obtainable. They are 100% transparent, flexible, and give that perfect crisp tone which is so essential.

Premier
DE LUXE
WHITE CAFE

Premier White Calf Bass Drum Heads
Made from the finest selected calf skins. The curing is done without chemicals of any kind, and they are shaved to an even thickness by hand.

IMPORTANT

Drum Heads, of every quality, are an animal product. They break and tear from so many causes beyond the control of the manufacturer and dealer that it is a business impossibility to guarantee them. Before using a head examine it carefully, and, if unsatisfactory in any way, return it, stating your objection. If we are unable to select one to suit you we will refund your money.

But we positively cannot guarantee or replace them after they have been wet or subjected to usage. As the price of raw skins fluctuates, head prices cannot be guaranteed, and are subject to change without notice.
