Two Generations of Wm. F. Ludwigs to Serve You!

In 1893, Wm. F. Ludwig Sr. played his first drumming date in Chicago. The year 1908 found him inventing and producing the first practical floor model bass drum pedals. Then followed a long list of major inventions and founding of his own drum manufacturing plant in 1910.

Mr. Ludwig sold his first drum company in 1928 and this merged with another drum plant now located in Indiana. In 1937, Wm. F. Ludwig Jr. joined his father in the formation of the W.F.L. Drum Co. as a separate, independent and exclusive percussion manufacturing plant located in Chicago, Ill. In this form it remains today.

We are glad to serve your drum needs and take pleasure in introducing you to other members of our organization, all hand-picked for their special qualifications and contribution to the drum world. We hope you enjoy looking through this catalog showing the best we can advise and build.

Wm. F. Ludwig Sr.
President

Your W.F.L. Factory—At Your Service...

W.F.L. — THE WORLD’S LARGEST EXCLUSIVE PERCUSSION MANUFACTURER

The front cover of this new catalog contains a view of our new, modern four-story factory located in the heart of Chicago near most of the Nation’s key raw materials and especially drum hides. We thus have at our disposal the pick of the best materials and skilled help. On this page you catch a glimpse of some of the modern machinery and techniques which provide high quality—low cost drum production. All machines and equipment are of the very latest design built especially for the production of drums. Rigid quality checks are a routine part of our operation. Thus you can expect nothing but the best from W.F.L.!

Buddy Rich
TOP STAR OF THE DRUM WORLD
PLAYS WFL EXCLUSIVELY

Super-CLASSICS for "Super Circus"
Rhythms for the famous TV show "Super Circus" are supplied by Frankie Bullo and his WFL Super-Classics under the baton of sparkling Mary Hartline. They're tops under the big top!

Drum Star Roy Haynes
Great artists like Sarah Vaughan and Charlie Parker insist on the tasty beat of great drum stars like Roy Haynes and his WFL Super-Classics. Roy likes WFL's "smooth-as-silk" response and rugged triple flange hoops.

Grassila Olyphant
A popular up-and-coming drummer around New York City, Grassila Olyphant features his WFL Super-Classics with such outstanding combos as the Ahmad Jamal Trio. WFL drums are indeed the favorite among the leading professionals the world over!

Folding Shelmont Spur
Illustrated above is a close-up of the new folding "Shelmont" spurs the professionals use exclusively—they are so easy to set up and knock down and fit flush against shell.

The Clipper
... Tom Tom Holder shown at right, holds Tom Tom in any position and instantly clipped on or removed. Note: Flush fitting nature of Tom Tom bracket—just clip on or lift off. This professional equipment is standard on all WFL outfits.

Fits Perfectly
Illustration at left shows flush fitting nature of the new WFL "Shelmount" Holders which permit easy fit in proper cases. No special tools required to set up or dismantle WFL professional standard accessories.
Here is the "tops" in professional drum equipment! Designed for drum by Wm. F. Ludwig for the "Top Professionals of the Drum World" like BUDDY RICH! All drums have separate tension, self-aligning die-cast tension casings hand plated and polished to a glinting lustre. Exclusive W.F.L. triple flange hoops on all drums prevent nicking and breaking of sticks!

**Buddy Rich Super Classic**

Drum Outfit Consists of:

1. Shell Mount "5-Way" Cymbal Holders with Built-in Tilters @ $8.00
2. Clear Tone cow bell
3. Single adjustable cow bell holder
4. Heavy duty adjustable snare drum stand
5. Twin spring Speed King drum pedal
6. Adjustable bass drum muffler, all-angle
7. Shell Mount Folding Spurs, pair
8. Swing Drumming drum instructor by Wm. F. Ludwig, Jr.
9. Rubber covered wire brushes, best quality
10. Special select Buddy Rich snare drum sticks

Total: $411.65

Regularly supplied in 5½"x14" and 14"x22" size. If 6½"x14" or 14"x24" size desired, specify. No change in outfit price.
Ray Bauduc, one of America's top drummers, prefers this snappy set-up for traveling dates. It has compactness without sacrificing that big-band tone so necessary with organizations like Jack Teagarden.

The new 14"x22" size bass drum and 5½"x14" have the "sound" professionals want! All are separate tension with triple flange hoops on snare and tom tom. Speed King pedal and new adjustable height hi-hat with the reversible heel plate foot board. Tops in quality throughout! Designed for the discriminating professional!

Here's an entirely new outfit designed exclusively by Wm. F. Ludwig for the jobbing drummer. It’s a “go” or travel outfit for one snares and combo work. Combination drum is both bass drum and tom tom used in vertical position as shown. When playing in big bands, same drum may be placed in regular playing position and additional tom toms attached in the usual manner. Pedal reverses to strike upwards or play in conventional position. Cymbal holders and legs are mounted directly on shell. Cymbals not included.

Entire outfit packs in ONE fibre case!

WFL'S Biggest Bargain in a Dance Outfit

The Dance outfit is now available in choice of blue and silver, black and gold multi-color finishes.

Popular size snare drum is 6½"x14" and new 14"x22" size bass drum is just like the professionals use! Snare drum is separate tension with triple flange hoops and self-aligning die-cast tension casings plated and polished to a sparkling lustre. Twin spring professional Speedmaster pedal and first class accessories make the NEW DANCE outfit tops for the money!
Buddy Rich Model SUPER CLASSIC

This FAMOUS and SENSATIONAL WFL streamlined wonder-drum has been designed personally by America's outstanding drum designer and authority, Wm. F. Ludwig, for Buddy Rich and the leading drum stars of the drum world. Incorporated in its modern design are many exclusive WFL features of great importance.

The self-aligning streamlined tension casings possess clean design, class, and symmetrical beauty of the highest order. Triple-flange metal counterhoops are exclusive with WFL Drum Co. and add strength, make rim shots easier to strike, and prevent breaking and nicking of sticks.

The new modern, streamlined snare strainer is completely enclosed for protection and designed to harmonize with the Classic beauty of the tension casings.

FESTIVAL MODEL SCHOOL CONCERT DRUM

Here is a new, brilliant school CONCERT model featuring the new WFL "SYNCRO-MESH" snare strainer with quick throw-off and throw-on. Has 16 self-aligning tension casings and triple flange hoops.

NOTE: Regularly supplied without tone control by professional demand. If desired at no extra cost, specify!
Top WFL Features of the New Classic Snare Drum.

- Sixteen separated streamlined CLAS-SIC tension casings.
- Patented, exclusive WFL Triple-Flanged heavy metal counterhoops.
- Streamlined Classic positive action throw-off strainer.
- Heavy three-ply shell construction strongly reinforced.
- Finger-tip snare adjustment from strainer housing.
- Wm. F. Ludwig designed and built throughout.
- Finest hand plating and polishing to a high lustre.
- Exclusive streamlined matching design.

Ray McKinley Model SNARE DRUM

The sensational new Classic Model Snare Drum features the new separated streamlined self-aligning tension casings designed to match the Classic tension casings on the WFL Classic bass drums and toms. This creates a beautiful drum ensemble with the accent on modern design. All plating is of the best quality and each casing is hand polished to a very high lustre.

Exclusive, patented, WFL TRIPLE FLANGED metal counterhoops make rim shots sure—they eliminate misses and also prevent breaking of sticks on the sharp edges of the conventional hoop.

Wm. F. Ludwig is America's foremost authority on the design and construction of the World's Finest drums and equipment—WFL. He has been active in the drum world for over fifty years and the Classic line presented on these pages represents the ultimate in the drum-makers art. First, the Classic line is all-new—newly designed with an eye not only towards practical performance but eye-arresting beauty. All shells, metal parts, plating, heads, and workmanship are of top-flight De Luxe quality and prepared under the PERSONAL SUPERVISION of drum-famous Wm. F. Ludwig Sr. and Wm. F. Ludwig Jr. No other guarantee assures you of so much best quality!

No. 902P—6½" x14" Ray McKinley Super Classic Model Snare Drum, Choice of Pearl Finishes.................$78.50

SUPREME CONCERT SNARE DRUMS

The NEW Supreme model concert drums are leaders in the low price field! Supplied with self-aligning die-cast tension casings heavily triple plated and polished to a gleaming lustre.

Regular three-ply shell richly finished in mahogany finish. Sure-fire throw off strainer permits fast and full release of snares with easy snare adjustment. Select, matched heads. Ideal for the school band or orchestra!

No. 480—6½"x14" Supreme model snare drum, mahogany..................$45.00
Choice of mahogany or multi-color finish.
Nickel only.
**New "BE-BOP" Models**

**BUDDY RICH "BE-BOP" DRUM**

The new "Be-Bop" style of drumming calls for a special 3"x13" snare drum and W.F.L. again leads with this new model. It was designed at the request of Buddy Rich for use with small combos and on television shows. The smaller head area permits a crisp, sharp tone and resists head shrinkage caused by dry air conditioning and hot television klieg lights.

No. 903P—3"x13" Choice of Pearl, Chrome..........................$55.00

**NEW COMPACTO SNARE DRUM**

New separate tension lugs permit plenty of room for head "draw-down" and newly designed strainer works silently and efficiently. Equipped with exclusive triple flange hoops for bristling "fire-cracker" rim shots!

No. 906P—4"x14" Compacto Drum, Choice of Pearl Finishes, Chrome....................................................$65.00

**SUPER PORTO-PAK**

The new "Super Porto-Pak" model with 13" shell represents the latest in advance design. The 13" diameter provides a snappy, brilliant tone and heads are less susceptible to weather changes. Specially designed for dance work.

No. 480P—5½"x13" "Super Porto-Pak" Model, Pearl..........................$62.50
No. 480C—5½"x13" Above in Chrome..................................70.50

**CLASSIC PORTO-PAK MODEL**

This fine new 13" diameter snare is designed especially for dance work. The smaller head diameter is less affected by weather changes or air conditioning found in most night spots and hotels. It has a particularly brisk tone and very responsive touch. Equipped with full-throw-off Classic snare strainer, triple flanged hoops, self-aligning tension casings, and matched, sensitive heads.

No. 460P—5½"x13" Classic "Porto-Pak" Model, Pearl...................$67.50
No. 460C—5½"x13" Above in Chrome................................75.50

**W.F.L. STREAMLINED TENSION CASINGS**

All W.F.L. self-aligning die-cast casings are designed with platform to equally distribute tension stress.

Hand plated and polished to a glistening rust-resistant lustre!

---

**W.F.L. DRUM CO., 1728 N. DAMEN AVE., CHICAGO**
SUPER CLASSIC TOM TOMS

All W.F.L. tuneable tom toms are equipped with exclusive and patented triple flange counterhoops. Triple flange hoops provide extra strength at a great saving in total weight. They also prevent nicking and "chewing" of sticks and afford a uniformly beautiful appearance eliminating old-style, cumbersome claw hooks.

NEW SELF-ALIGNING SUPER CLASSIC TOM TOMS

Equipped with self-aligning Classic tension casings and triple flange counterhoops. Select, matched heads.

NOTE: Regularly supplied without tone controls by professional demand. If tone controls desired, specify at no extra cost.

CONCERT BELL LYRAS

W.F.L. Bell Lyra Stand

A De Luxe bell lyra stand made from very heavy stock and adjusts to hold instrument in ANY position. Ideal for the concert band or orchestra. Folds for transport and heaviy nickel plated.

No. 2049 — Concert bell lyra stand $18.00

The New Wm. F. Ludwig "Two Tone" Bell Lyra

Another Wm. F. Ludwig First!

Wm. F. Ludwig, originator of the standard chromatic bell lyra presents the FIRST "two-tone" bell lyra. Chromatic bars are gold finish to enable the player to more easily distinguish natural bars from chromatics. All chromatics are raised so that the instrument may be used in concert as Orchestra Bells or on the march! The combination of gold chromatics and the raised bars makes this truly a duopurpose instrument.

Range is the full two octave A to A pitched in the key of C so that player can read, at sight if necessary, the standard bell lyra parts now supplied with all march arrangements. They can also be used as orchestra bells in either the concert band or orchestra. Bars are large size — 1 1/4 inches wide by 1/8 inches thick and are perfectly tuned.

Sturdy untamable one-piece frame is polished to a glistening chrome-finish lustre and is light in weight. Bars are mounted on soft felt rails to provide maximum resonance. Total weight of entire instrument is only 3 1/2 lbs. Regulated supplied with one hard mallet, one pair of plumes, and telescopic holder.

No. 2044 — Concert TWO TONE Chromatic Bell Lyra, 25 bars A to A complete with mallets and plumes $130.00

No. 640 — Double end bell lyra mallet, plastic handle, non-breakable ball $1.50

No. 2047 — Leather Carrying Strap, adjustable 7.50

No. 2048 — Mackintosh carrying cover with flannel lining, zipper 9.00

No. 639 — Hair plumes 16" long, white only, per pair 5.50

*No. 8000 — Fibre Bell Lyra Case 17.50

No. 2055 — W.F.L. TWO TONE BUGLE LYRA, 8 bars, G-D with mallets and plumes with telescopic staff 80.00

No. 2048A — Mackintosh cover, zipper 7.50

NEW MARCHING BELL LYRA

The Function of the Bell Lyra in the School Band

by Wm. F. Ludwig Jr.

The Marching Bell Lyra reinforces the melody in a clear, forceful manner. It also doubles for orchestra bells in the Marching Band. The instrument is in the Key of C. There is no such thing as bells in "another key" — it is simply a case of mis-marking the bars and changing the bar arrangement.

The Bell Lyra should be held high with left hand and played with ONE HAND ONLY! Play two notes per measure—no more or tones will run together and "smear." Write out special bell lyra parts transposing from B flat Cornet part. Use Oboe part for some tries in Key of C. Memorize this part and in this manner build up your own, exclusive bell lyra folder. You cannot expect the bell lyra player to read on the march — there is too much chance for error.

Above all, remember — play with one mallet only and no more than two notes per measure!

This new W.F.L. Marching Model is perfectly tuned to A 440 and has brilliant resonance. Ideal for schools.

SPECIFICATIONS:

- Full A to A 2 Octave range
- Fully chromatic
- Bars 1" wide by 3/4" thick
- Very light weight: 10 1/4 lbs.
- Well-spaced playable bars
- Adjustable height

No. 2041 — New Marching 25 bar bell lyra with plumes and mallets........... $99.50

No. 2047 — Leather carrying strap, extra....... 7.50

No. 3252—14"x28" Marching Model
CONCERT BASS DRUMS

Imperial Concert Models
W.F.L. has long been specialists in the school field and these fine Concert Model Bass Drums are designed specifically for Concert use. Shells are extra sturdily constructed with heavy inner reinforcement bands to provide uniform strength along every inch of the large shell circumference. It is of the utmost importance that glue rings be attached inside the shell or the entire drum may draw out of shape. Before you buy, always look inside the shell for strong maple reinforcement rings.

The straight in-line one-piece separate tension casing is especially important in models of these large sizes where enormous stresses are built up due to the very large head surface area. These are the best Concert Bass Drums ever built!

No. 801—14"x28" Imperial Model for up to 40 piece band..........................$110.00
No. 802—14"x30" Imperial for 40 or 50 piece band..............................125.00
No. 804—16"x32" Imperial for 50 or 60 piece band..............................135.00
No. 805—16"x34" Imperial for 60 or 70 piece band..............................145.00
No. 806—16"x36" Imperial for 70 or 80 piece band..............................160.00
No. 808—18"x40" Imperial for 80 piece band or Symphony orchestra of over 60 pieces..............................195.00

Above prices are for mahogany finish.

Lacquer colors may be had at no extra costs but we suggest that these models be purchased either in mahogany or pearl finishes.

Pearl inlaid hoops are extra $3.50 per pair. Pearl finishes which include pearl inlaid hoops extra $35.00. Chrome extra..............................$12.50

Special sizes on request.

new BASS DRUM CARRIAGE

This new and unique bass drum carriage is designed to carry all size bass drums from 14" x 28" on up. It is highly maneuverable consisting of two bicycle wheels attached to shaped rest beneath drum. The short handle permits player to both play as well as guide drum while marching.

The new W.F.L. carriage is the first of its type ever designed. Wheels are quickly detachable as shown leaving solid wood block attached to drum for use as bass drum cradle during concert!

One man can easily operate the carriage both playing and guiding while in movement. Please mention size of bass drum when ordering this carriage.

No. 791—New Bass Drum Carriage.............................................$85.00

MONSTER BASS DRUMS

For top-flight showmanship and breath-taking attention, there is no more spectacular way to bring the name of your organization before the public than through the medium of a Giant Bass Drum. The drum illustrated here is 72" in diameter—6 feet tall and 20" wide! Mounted on the highly maneuverable two wheeled carriage which can be pushed and pulled simultaneously it towers over 10 feet in height. We can supply both the drum and carriage in any size desired from 40" on up beyond 72".

The patented W.F.L. bycicle wheeled carriage shown here is exclusive and patented. It can stand alone yet be instantly moved forward or backward or pivoted in its own length to fit quickly into any sequence of maneuvers required. The drum itself is finished in your choice of pearl finishes and chrome plated separate tension hardware. All orders are special and prices may be secured upon request.

Choice of lacquer colors, no extra charge.
Choice of pearl finishes, extra ........................................................................ 15.00
Gut snares if desired, specify, extra ............................................................. 2.00

NOTE! The majority of corps prefer drums without tone controls for greater resonance.
If tone controls are desired, specify with your order, and we will include them on all separate tension models at no extra charge.

See Page 41 for covers and cases.

NEW "TWO-TONE" WIRE-GUT SNARES

The greatest snare advancement in years! Two types—wire and gut—are combined in a single strand. This provides the sensitivity of wire snares with the power and volume of gut snares. It's the best-sounding, best-playing snare ever constructed!

No. P-109—Two-Tone Wire—
Gut Snares to fit any size parade drum $5.50

Available on all W.F.L. parade or concert drums at time of order, additional with the drum $3.00

Triple flange hoops are exclusive with W.F.L. Will not break, nick, or "chew" your sticks.
SUPER DELUXE TENOR DRUMS

These authentic tenor drums possess all the pomp and circumstance of pageantry passing in review. The tenor drum, (no snare), provides that tonal blend between the booming bass drum and the sharp rat-tat-tat of the snare drums. Regular instrumentation is four tenor drums placed in the front rank for eye-attracting appeal. Ideal for school bands as well as drum corps!

No. 977—12"x17" Super Classic model tenor drum, separated Classic separate tension lugs, mahogany shell, maple hoops, sticks and sling included, each..........................$69.00

No. 3210—12"x17" Champion J. Burns Moore model tenor drum, streamlined die-cast self-aligning separate tension casing, mahogany shell, maple hoops, sticks and sling included, each..........................$56.50

**W.F.L. Drum Co., 1728 N. Damen Ave., Chicago**
NEW W.F.L. COPPER TIMBALES

Exclusive triple flange hoops provide extra strength to shell and produce the sharp tone so desired in Timbales technique. Triple flange hoops also make rim shots SURE—You can’t miss! ... and they prevent nicking and breaking of your sticks. W.F.L. Timbales are the only instruments made with copper shell and equipped with triple flange metal counterhoops.

Tension casings are self-aligning die-cast alloy beautifully plated and polished to a high luster. New “clip” mounting permits easy and fast removal of Timbales from stand. Height is adjustable. Price includes stand. Heads are personally selected. Small timbale nests into large for transport.

No. 2350—W.F.L. Timbales sizes 8½”x11” and 6½”x13”, Copper Shell, Triple Flange Hoops, including adjustable stand..........................$82.50

For triple chrome plating on hoops and lugs only, add..........................7.50

*No. 7150—14” round fibre timbale case.................................................10.00

NEW “EXPANDO” TUNEABLE BONGOS

A revolutionary new design by Wm. F. Ludwig. Internal expansion ring presses against the head. Tone changes are very rapid and convenient—simply turn a single screw inside the shell! Furnished in white only.

Absence of old-style hoops prevents cutting of fingers and hands—entire head and shell surface free from obstructions. All-metal shell for maximum resonance. Used by the TOP rumba experts! 8” deep by 6” dia. and 8” deep by 8” dia.

No. 2357—New “Expando” tuneable bongos, metal shell..........................$50.00

*No. 8122—Fibre bongo case.................................................................13.20

CLAVES

At Right: Mexican Claves hand-painted and finished with glistening lacquer. Finest there is anywhere.

No. 2368—Mexican Claves, Pair..........................................................$2.50

W.F.L. DRUM CO., 1728 N. DAMEN AVE., CHICAGO
W.F.L. EXPANDO CONGA DRUMS

The new W.F.L. Expando Conga Drums incorporate a new principle of internal expansion rings in securing tonal changes. The single screw inside the shell increases or decreases head tension quickly and extremely easily. Just a turn is all that is required to lower or raise the pitch quickly.

With this style of construction, the player may obtain unusually high or low notes and the surface of the edge is free for hand slaps and playing.

No. 2370—Single Conga Drum at left, 22” shell depth, tapered shell, 12” diameter, choice of lacquer colors $55.00
Pearl, any color, extra $10.00

No. 2375—Two Conga Drums illustrated below, mounted on sturdy stand finished in your choice of lacquer colors $120.00
Choice of Pearl on both Conga Drums, add $20.00

NEW "NITE-LIFE" COMBO OUTFIT

The new Combo outfit was designed to fill the need for a complete outfit used in a small space where player must stand. It consists of one large Combo style drum 24” deep and 16” in diameter. Total maximum playing height with legs fully extended is 37”. Two single headed tom toms, 6½” x 11” dia. and 6¼” x 13” dia. are mounted on side with special sliding clip holders. Price includes two shell mount cymbal arms, pedal’s, cow bells and holder, sticks and brushes. Toms nest in each other.

No. 1105—New Nite-Life Combo outfit, choice of lacquer colors, nickel hardware $208.00
No. 1106—New Nite-Life Combo outfit, choice pearl finishes $249.50
Extra for chrome plating $ 20.00

No. 2378—24” x 16” dia. Bass Drum only, lacquer $ 70.00
No. 2380—Same in pearl $100.00
Chrome extra $ 8.50

Cymbals extra.

No. 2376—Cocktail Lounge Drum. Choice of pearl finishes $75.00
Chrome, extra $ 8.00
Adjusts to 37” max. height.

Cocktail-Lounge Drum

This new development incorporates the use of snares beneath the batter head with full on and off adjustment. Thus the player may have the benefit of several tone shadings when using either wire brushes or sticks.

The legs are adjustable for any playing height when standing and the diameter is 16” x 24” deep. It is ideal for use in compact places such as most cocktail lounges.

No. 2375 Congo Drums and Stand

NEW "NITE-LIFE" COMBO OUTFIT

Jean Nelson of the famous Stan Nelson Trio uses the new Nite-Life Combo outfit most effectively. Top head acts as snare drum or tom tom . . . Bottom head as bass drum.
PROTECT YOUR TYMPANI

NEW TUNING GAUGE MAKES TUNING EASY!

FULL DROP TYMPANI COVERS

The NEW W.F.L. full-drop tympani covers are exclusively designed to provide the maximum protection while tympani are standing idle.

Full drop skirt 28" keeps out dirt, dust, and grime, and keeps luster on kettle bright and clean. Prevents unauthorized persons from tampering with tension handles or foot pedals.

Give your tympani the protection they deserve, by ordering a set of the new W.F.L. heavy-duty, fleece-lined, full drop mackintosh tympani covers today! Fits all models.

No. 896—25" and 28" Full drop Tympani Covers, Pair $22.50
No. 895—25" and 28" Tympani Covers, 16" drop, Pair . 18.50

TRUNKS

No. 891—Sym. Trunks, pair, net.................. $260.00
No. 888—Con. Grand, pair, net.................. 225.00

The use of a tuning gauge facilitates greater efficiency and makes tuning easy. The gauge operates silently and shows visually the pitch providing it has been correctly pre-set. It is best to come up to each tone particularly when descending the scale i.e. go below desired note and come up to it—rather than down to it; this sets the head firmly without pressing the head.

W. F. Ludwig proudly presents the first practical tuning gauge ever presented to the drum world! It is a marvel of simplicity, yet accurately indicates the pitch on every note.

The gauge can be mounted on any tympani—requires only the drilling of two small holes and attach with two bolts. Full mounting instructions with location chart are supplied with every set of gauges. Tune visually as well as by ear!

WFL TYMPANI TUNING GAUGE

SIZES OF TYMPANI USED IN MODERN ORGANIZATIONS

A set of three tympani is now the rule in most bands and orchestras—25", 28" and 30". Occasionally a fourth drum may be used and this should be 24" in diameter. Symphony orchestras often use a 32" size instead of the 30". Sometimes a 35" size is used for extremely low notes.

The use of a gauge is of special value when more than two drums are used as it is difficult to remember the pitch on three or four drums and still watch the conductor, read the part, and count rests. The gauge is an essential aid in the performance of rapid tuning found in modern compositions. It helps take the guess out of tuning!

While modern pedal tympani have a range of a sixth or over it is nevertheless a known fact that the notes in the middle of the compass on any drum are the best in quality. This influences tympanists of the Symphony Orchestras, who strive for best tone quality, to use four or five tympani of various sizes to insure good intonation on the extreme high and low tones.

No. 899—Tympani Tuning Gauge, per set.......................... $49.50

WFL DRUM CO., 1728 N. DAMEN AVE., CHICAGO

22
STREAMLINED LOW SET “T” HANDLES
Small "T" handles lie close to heads and do not interfere with cross-sticking. Easy to grasp, positive in action. Brass bell cranks do not squeak or strip.

PERSONALLY SELECTED HEADS
In 1910, Wm. F. Ludwig constructed the first pedal-tuned tympani ever built in this country. Since that date, he has designed practically every new model of tympani built in America.

RIGIDLY REINFORCED KETTLES FOR MAXIMUM TONE
The reinforcement hoop supplies a rigid support to the kettle rim where strength is needed because of head tension. WFL kettles are rolled over this steel reinforcement hoop to provide a rigid foundation for the head!

All WFL tympani counterhoops are made of heavy-gauge steel, carefully machined to provide uniform stress over entire head area—especially between tension rods.

BUILT-IN BELL CRANKS PROTECTED BY SUSPENSION STRUTS
Bell cranks distribute tension stress from the pull rods to the head. This delicate mechanism is fully enclosed within the tension strut for protection against knocks, bumps.

EXTRA HEAVY-GAUGE DEEP-FLANGED STEEL CONSTRUCTION

EASY-GRASP ADJUSTMENT KNOB
Stored energy compensates for changes in head tension automatically. Where slight adjustments are necessary, power knob may be turned in either direction quickly and conveniently.

FLOOR PEDAL PROVIDES FASTEST TUNING—EASY CONTROLLED ACTION—NO LOCK!
A simple heel-toe action moves pedal freely through entire range. Change of pitch is noiseless and fast—pedal holds automatically on all tones without need for cumbersome lock or clutch.

Copyright 1949, WFL Drum Co., Chicago
More Top Professionals Choose the WFL Symphony Model Than Any Other Make!

From Coast to Coast, top professional and amateur organizations are selecting the Symphony Model to fulfill the most exacting musical requirements!

CONSTRUCTED WITH SuspendeD, DRESDEN STYLE, PARABOLIC POLISHED COPPER KETTLES!

Detailed engineering plus years of practical experience have been incorporated in the design of this sensational new Symphony Model Tympani! From the almost inaudible pianissimo, to a thunderous fortissimo, the pitch is true and unvarying. Tone response is very delicate, assuring a crisp, sensitive technique.

The location of every head tone can be foretold by position of the floor pedal which acts as an automatic pitch index. Movement of tuning pedal is velvety smooth and instantaneously responsive!

Floor pedal enables player to stand or sit in convenient playing position without lifting feet or legs.

Kettles are seamless, one piece drawn copper, hand buffed and polished for glittering beauty.

Heads are personally selected and mounted by Wm. F. Ludwig, and each set is thoroughly tested before delivery.

No. 890 — 25" and 28" Symphony Model Pedal Tympani, Hand Polished and Buffed, per pair $550.00

Federal Excise Tax, extra $33.00

Includes one pair sticks and fiber head protectors. Write for prices on special sizes 25" to 35".

FROM COAST TO COAST LEADING
NEW ACCELERATED PEDAL!
World's fastest set-up and knock-down portable pedal-tuned tympani! Polished parabolic copper Kettles. Roller casters included!

WORLD'S FASTEST SET-UP!
It's so simple everyone can understand it! All you do is pull pin and lift kettle off base—not necessary to loosen head tension!

Head tension remains constant when kettle and stand are disconnected, and is automatically compensated by stored energy at base of kettle. One second knock-down or set-up!

ROLLER CASTERS ARE STANDARD
All Concert Grand models are supplied with roller casters without any additional charge. Roller casters facilitate moving about on stage or studio.

Floor Pedal and Polished Parabolic Copper Kettles!
The Concert Grand is the most popular of all pedal tympani in its price range. Tuning pedal is placed on the floor for fast, convenient operation and is incredibly sensitive to your touch. Simply press toe or heel for instant, smooth, and noiseless action throughout the entire range.

There is no clutch to unlock for change of pitch. Rock foot forward or backward and pedal responds instantly, and remains in place whenever foot is removed. One-piece, seamless parabolic kettles.

*No. 885—25", 28" Polished Kettles, pair $485.00
Federal excise tax, extra $29.10

*No. 881—25" and 28" Aluminum kettles, satin copper finish, pair . . . $455.00
Federal excise tax, extra $27.30

TWIN SPRINGS—TWIN BALL BEARINGS

The Speed King Pedal is used by more professionals than ever before! Roller ball bearings are completely concealed and packed in lubricating grease. Action is smooth and power unlimited! "Feather-touch" action assures plenty of SPEED, POWER, and DURABILITY! It's America's leading drum pedal!

ARCHED ROCKER SHAFT

New arched rocker shaft provides maximum foot clearance. Wide, strong connection arm.

EXCLUSIVE COMPRESSION ACTION

Springs are made to be compressed—not stretched...with each stroke action becomes faster, smoother and long-life is assured! This is the ONLY compression spring action on the market!

TWIN ROLLER BALL BEARINGS

Roller ball bearing action packed and sealed in life-time lubricant.

FINGER-TIP TENSION ADJUSTMENT

A turn of this adjustment screw provides precise tension control for any desired action. Turn to the right for more tension and to the left for less.

STURDY PLATFORM

Wide flat base provides maximum stability eliminating "wobble".

HEAVY-DUTY STEEL TOE CLAMP

Unbreakable toe clamp easily adjusted by means of wide wing nut! Built to fit any size bass drum.

MODERN WIDE FOOTBOARD!

New design foot-board to fit the largest foot! Permits choice of foot positions. Laboratory-tested for strength.

FLUSH BASE MOUNTING

Heavy steel flush base mounting offers great stability and strength. Easily folded for packing.

WORLD'S FINEST!

$21.00

Number 201

Supplied with felt beater ball unless otherwise specified

LABORATORY TESTED AND APPROVED FOR MAXIMUM DURABILITY!
New FREE FLOATING REVERSIBLE PEDAL

TWIN BALL BEARINGS FULLY REVERSIBLE

Wm. F. Ludwig proudly presents an entirely new conception in pedal construction. Now for the first time—here's a low-cost pedal containing all the features found in higher-priced models!

This streamlined beauty reverses quickly—just slip spring on and off—it's done—that's all there is to it! Leather strap permits flexible "free-floating" action for the "feel" you want in all tempos. No links to snap...no parts to wear...and you get a multitude of tension adjustments for the action you desire.

It's the finest pedal in its price class on the market, bar none!

No. 205—New "Free-Floating" Reversible Pedal
No. 256—Pedal bar ..............$4.00

WFL DRUM CO., 1728 N. DAMEN AVE., CHICAGO
W.F.L. "Whirlwind" batons are the choice of leading twirlers from coast to coast because they are flashy, of highest quality, and so easy to twirl!

Shaft is constructed with special steel tubing of high tensile strength and comes in two sizes—5/8" and the new 9/16" "CUB" size. New "tear-drop" design of the white molded rubber ball cuts wind resistance to a minimum.

Uniform high quality is maintained throughout and standard production methods enable us to offer this baton at the lowest possible prices!

DRUM MAJOR SIGNAL BATONS
For Directing the Marching Band

W.F.L. Signal Batons are tops for quality and balance. Since these types of batons are used for beating time as well as giving directions, the weight has been kept to a minimum without sacrificing strength. Shaft is regularly enameled in dark blue with gold cord and tassel. Weight is 50 oz. Length 44". Chrome plated ball and ferrule. Other colors may be had at additional cost.

No. 110—Regular blue shaft, gold cord $18.00
No. 118S—Special colors, specify $22.00

DRUM MAJOR WHISTLES

All-metal whistles provide shrill, piercing tones with great volume and are practically indestructible.

W.F.L. offers the Acme Thunderer—the greatest of all drum major whistles!

No. 118W—All metal whistle $2.00

NEW W.F.L. RUDIMENTAL DRUM RECORD

Here's a natural aid for beginners! A complete audio drum course on one record. Contains a study of first thirteen essential drum rudiments with explanation and nine favorite contest solos on reverse side. All for only $3.00! Long play 33 1/3 RPM only. No other speeds supplied. Vinylite, unbreakable plastic. Recorded by Wm. F. Ludwig Sr. and Jr., J. Burns Moore, and Ed Straight.

No. 1—Rudimental Record No. 1 $3.00
WFL'S NEW MICROMATIC DRUM STAND

IT'S BRAND NEW IN DESIGN!

The new WFL "Micro-matic" professional drum stand is engineered personally by Wm. F. Ludwig to provide maximum stability and efficiency! Only the highest grade structural STEEL used in construction for great strength and durability. All parts are heavily plated and polished to effectively "weather-seal" metal against deterioration—insuring long life.

Most top professionals prefer the new "MICROMATIC" snare drum stand because of its minute, positive angle adjustment. Can be had in nickel or glistening chrome plating.

No. 1355—WFL "Micro-matic" Drum Stand, Nickel ........................................... $9.95
No. 1355C—WFL "Micro-matic" Drum Stand, Chrome ......................................... $13.00

Cymbal Floor Stand
Another new, re-designed, WFL accessory! All parts are constructed of finest grade heavy steel carefully built to eliminate "wobble". Today's drummers use modern cymbals in sizes up to 25" diameter and this calls for a stand with sturdy STEEL support braces. Folds compactly, plated to a beautiful lustre!

No. 1398—Nickel Plated .........................$8.00
No. 1399—Chrome Plated .......................$10.00

Double Strength Spread Base Construction
Stability depends on support — this detailed enlargement clearly illustrates the durability obtained by connecting steel base platform with upright support brackets. There is no stronger metal than steel!

EXCLUSIVE BASKET ARMS
Basket arms hold drum securely without marring finish. Drum nests securely in position, entire unit can be moved without touching stand. Rubber grip protects shell.

ONE-PIECE CLUTCH ASSEMBLY
One-piece center assembly means great strength and rigidity, eliminating wobble and side-play. Arms fold compactly.

MICRO-MATIC MESH GRIP
Careful machining with strict tolerances produces close fit of teeth to provide most positive lock. Delicate angle adjustments at a touch of the finger! Stress is equalized for minimum wear. The finest gripping device ever produced—and, it's brand NEW!

STEEL SUPPORT BRACES
A tube is no stronger than its support braces and connections. W.F.L. type of construction assures maximum rigidity when you play. Any stand holding the weight of a drum or large size cymbal must be supported with braces to prevent "wobble". W.F.L. stands are "Braced" for enduring strength.

FULL STANDING HEIGHT
WFL "Micro-Matic" snare drum stand comes up to full playing height for standing position. No more stooping to play! It's the only stand providing full height adjustment!
The NEW W F L
ADJUSTABLE HI-HAT!

MICRO-CLUTCH ADJUSTABLE HIGH HAT
With New Speed King Foot Pedal—
Reversible Heel Plate!

The new "Micro-Clutch" W.F.L. Hi-hat permits full height adjustments, folds compactly! Speed King foot-board is wide to accommodate the largest foot. Highly polished to bring out its modern design!

Reversible heel plate is patented and exclusive. Permits either foot position for best playing comfort to suit the individual taste. No other Hi-hat has so many exclusive features!

Sturdy steel braces provide maximum support and eliminate "wobble."

No. 1120—"Micro-Clutch" Hit-hat Pedal, Nickel........$18.00
No. 1121—"Micro-Clutch" Hi-hat Pedal, Chrome Plated 22.50
Symbols Not Included

W.F.L. SNAKE DRUM STANDS

PEP up your Band With WFL Swing Flags

W.F.L. LEADS THE WAY IN FLAG SWINGING!

Flag Swinging represents a brand new and exciting form of expression. The technique is graceful and the routines are adapted for interesting team work. We are proud to present a truly authentic swing flag built to highest standards and workmanship.

Swing Flags

Perfectly balanced for maximum efficiency through all movements and high throws. Shaft of tapered steel tubing triple chrome plated and polished to a gleaming lustre!
Molded rubber handle is exclusive, provides correct balance, weight and grip for all routines. Size of flag is 31 inches (along the shaft) and 34 inches wide.
No. F-44—W.F.L. Swing Flag Complete with Flag and Steel Shaft.................. $9.50
Steel Shaft with handle, 44"........................................... 5.50
Flag, white only, with clips........................................ 4.00

EXCLUSIVE PATENT FLAG DESIGN AND CONSTRUCTION

The texture and weave of W.F.L. flag material is similar to fine silk. It is a new, improved type of light weight material with unusual strength.
This new material is used by expert flag swingers and soloists because it is sheer, flows in the wind, permits high tosses and high throws.
Another advantage of the new material is that it will not whip out at the ends or fray as readily as the heavier fabrics do. Supplied in WHITE color only.

Mackintosh Cover
Zipper mackintosh cover for swing flags and shafts .................. $3.75
Flag clips (Pat. Pnd.) sold in sets of 4.................................. 2.30

No. 1002—40 New Street Beats.....................$0.75

HASKELL W. HARR
METHOD FOR TYPMANI

A modern, new tympany instruction method by Haskell W. Harr—just off the press! Contains exercises in tuning, technique, and excellent solo material. Ideal for the student!

No. 1086—Harr Tympany Method.....................$1.00

BATON TWIRLING

Here is the latest and most complete book on baton twirling ever published. Over 175 illustrations graded from simple tricks to the advanced stunts of the professionals.

"Baton Twirling" is an encyclopedia of baton tricks covering nearly every possible style used today by expert twirlers. Wherever required, the "reversal" of each movement is shown in detail.

A thousand variations of the fundamentals pictured and taught.

No. 1000—Baton Twirling Instruction Method by Major Wm. Booth and Roy Goedke.....................$1.00

SWING DRUMMING

Swing Drumming is the result of six years' work and study in accumulating material by Wm. F. Ludwig Jr. Contains 30,000 words, 108 photos, 352 rhythm beats and solos, 72 Latin-American rhythms, 96 packed pages of instruction on dance drumming.

Nothing is left to guesswork—every beat and rhythm exercise is explained in detail with accompanying illustrations! It's the most complete book on the subject EVER written.

No. 1050—Swing Drumming by Wm. F. Ludwig Jr.............$1.50

WM. F. LUDWIG COLLECTION OF DRUM SOLOS

Contains 45 standard and original drum soles . . . 10 assorted duets, trios, quartets, and quintets—11 standard and fancy march beats—20 standard T.A.P. rudiments. An outstanding book of solos and drum ensembles assembled by Wm. F. Ludwig Jr. and based on the N.A.R.D. rudiments. There are sixty-five percussion numbers in all.

No. 1010—Wm. F. Ludwig Solo Collection.....................$1.00

WM. F. LUDWIG
DRUM INSTRUCTOR

This is the most complete instruction book covering all phases of drumming ever written. All material was compiled and assembled by drum-conscious Wm. F. Ludwig over a period of 40 years.

It's complete and includes sections on rudiments, snare drumming, con- centrating on parad, drumming, tympany technique, bass drum, cymbals, snare drum, and accessories of the percussion section. Also an informative section on the care of percussion instruments, including care of tympany!

This monumental work is today established as the standard of the drum world and guaranteed to improve your technique!

No. 1066—Wm. F. Ludwig Drum Instructor.....................$1.50

No. 1012—Drum Ensembles.....................$1.50
11 New Drum Ensembles by Fred Hoey & William Shinselene.

WFL DRUM CO., 1728 N. DAMEN AVE., CHICAGO
MACKINTOSH COVERS

All W.F.L. covers are equipped with either snap buttons or slide fasteners for effortless opening and closing. A smart-looking drum cover is an asset to the drummer proud of his instrument. Replace your old covers now! Give your instruments the protection they need!

Many drummers including professionals use mackintosh covers inside fibre cases for added protection.

New W.F.L. Bass Baritone Piston Bugle

It Provides Those Bass Sounds You Need to Complete Your Bugle Section!

The new bell front bass baritone piston bugle is designed by W.F.L. Drum Co. to provide those extra low sounds you need to fill out your bugle choir. While the range is essentially the same as the regular baritone bugle, the quality of tone sounds much lower. In addition, two extra low tones are provided as indicated by the range chart. The bass baritone can be conveniently carried with one hand as valve is placed in accessible location. It is recommended, however, that player use both hands in carrying this instrument.

The above authentic bugle range chart illustrates the various written ranges and comparative actual sounds of the five types of piston bugles now available from W.F.L. Most bugle music is written in the treble clef to avoid confusion. It is recommended that players do not attempt the very high notes without adequate training.

No. 525 — Bass Baritone Bugle, polished brass finish ........................................ $170.00
No. 526 — Bass Baritone Bugle, chromium plated, chrome bell ........................................ 210.00
No. 518B — Bass Baritone bugle case ........................................ 24.00

WFL'S LINE OF

SOPRANO PISTON BUGLES
Length 20 inches, Weight 25 ounces, Bell Dia. 5½"

The finest piston bugles ever made. Designed by Wm. F. Ludwig and used by leading corps from coast to coast. Built in key of G with valve change to D and slide to F. Soprano carries the melody. Dent-resisting heavy-gauge brass provides most brilliant tone and offers maximum protection to the instrument.

SPECIFICATIONS
No. 500—Brass Finished, Highly Polished..........................$55.00
No. 501—Chromium Finish, Chrome Bell..........................68.00

TENOR PISTON BUGLES
Length 20 inches, Weight 27 ounces, Bell Dia. 5¾"

These W.F.L. Tenor piston models like the soprano and baritone are constructed from heavy gauge brass with conical tapered bore flaring gracefully and evenly out to the full-sized bell. Same range and pitch of soprano model but more mellow tone due to larger bell. Tenor plays harmony parts. Thick-walled brass tubing resists denting.

SPECIFICATIONS
No. 505—Brass Finished, Highly Polished..........................$64.00
No. 506—Chromium Plated, Chrome Bell..........................77.50

REGULATION G BUGLE

No. 515—Regulation G Bugle, Brass..........................$12.00
Length 15 inches

This bugle is built to exact United States Army specifications. It has a larger-than-usual bell for extra resonance. Only first quality brass is used. Well proportioned and easy to blow. Built in key of G with slide to F.

MOUTHPIECES

No. 504M—Regular soprano and tenor bugle mouthpieces...........$2.00
No. 506M—Deluxe Cusan-rim mouthpieces for soprano and ten- or bugles............. 6.00
No. 514M—Baritone bugle mouthpiece ...................... 4.00
No. 524M—French Horn bugle mouthpiece .......................... 4.00
No. 526M—Baritone * bugle mouthpiece .................. 6.50

BARITONE PISTON BUGLES
Length 23 inches, Weight 42 ounces, Bell Dia. 6½"

The baritone is commonly referred to as the bass bugle of the bugle section. W.F.L. bugles have the rolled bell which protects bell from dents and increases resonance. Baritone plays bass parts and melody or solo parts. Proper ratio is: 8 sopranos, 4 tenors, and 4 baritones.

SPECIFICATIONS
No. 510—Brass Finished, Highly Polished..........................$85.00
No. 511—Chromium Plated, Chrome Bell..........................105.00

NEW W.F.L. FRENCH HORN BUGLES

Length 24" Weight 45 ounces Bell Dia. 7"

The popular W.F.L. French Horn bugle with new large-size bell is available again! Equipped with smooth-operating valve change from G to D. Streamlined design and easy to carry and handle on the march. The smart, new W.F.L. French Horn model increases range and tonal depth of your bugle section! Equipped with finger hook.

SPECIFICATIONS
No. 520—Brass Finish, Highly Polished..........................$125.00
No. 521—Chromium Plated, Chrome Bell..........................165.00

WFL DRUM CO. 1728 N. DAME N AVE., CHICAGO
SPARKLING PEARL FINISHES

Flash and showmanship are keynotes to success in drumming and W.F.L. supplies seven different shades to choose from! Pearl finishes are hard, smooth, flashy, and a well-nigh indestructible protective covering which will not scratch, chip, or check during many years of use. The slight extra cost of pearl finishes can easily be amortized over a period of many years of extra service.

Pearl drums remain new and brilliant-looking and afford eye-catching beauty which is irresistible.

Most popular of all pearl finishes is marine pearl, while schools and drum corps prefer the flashy sparkling pearl finishes to match organization colors.

Color contrasts are highly recommended and the possibilities of color combinations are endless. Add sparkle and glitter to your drum section by ordering your drums finished in one of the superior W.F.L. flash pearl finishes.

Send for FREE samples of W.F.L. flash pearl finishes.

DEALERS! Order the new "Dealer Display" parade drum finished in all seven pearl finishes and two types of hardware—it's 14 drums in one!
