

Rogers Drums & Accessories

This is the new modern Rogers drum factory and tannery completed 105 years after Joseph Rogers processed his first drum and banjo heads, the heads which gained world-wide fame, and earned the Blue Ribbon and Bronze Medal Awards at the World's Columbian Exposition.

This establishment is dedicated to the development and the manufacture of the finest products for the drumming profession, according to the traditional high standards of the Rogers family, since 1849.
